

Job Shadowing Interview Form

Due to the current COVID-19 pandemic, most facilities are not allowing job shadowing in the radiology department. Before interviewing for the ASR program, prospect students must recognize the day-to-day activities and responsibilities of a radiographer; therefore, in lieu of job shadowing, please interview a registered radiologic technologist using the questions provided below and email it to admissions@coxcollege.edu before the December 18, 2020 deadline. *Please note that these questions must be answered about the radiography career, not a specialty imaging such as ultrasound, CT, MRI, etc. If you need help finding a technologist to interview, email the ASR program Director: Kacie.Craig@coxcollege.edu.*

Your name: _____ Date of the interview: _____

Name of the registered radiologic technologist: _____

Name of the hospital/facility they work at: _____

Their contact email and/or phone number: _____

Interview Questions:

1. Tell me about what a typical day looks like as a radiographer.
2. What does a radiographer do? How is this different from a radiologist's responsibilities?
3. What do you love about the radiology career field that gets you out of bed in the morning and coming to work?
4. How is radiography different from other health professions, like nursing?
5. How much hands-on patient care do you have daily?
6. Explain the role of a radiographer in the surgical and fluoroscopy areas.
7. What are some things you think I should consider as I enter this profession?
8. What are my career options after I finish the radiography program?
9. What is something you liked and disliked about your radiography schooling?
10. What is one piece of advice you can give me regarding the radiology career or schooling?
